# WHY I GIVE

When alumni give they ensure that we are able to continue providing a quality education to all of our students.

*Class of 1970*

## Tim McNeilly

I remember St. Mary HS as a school that welcomed students into a new world of learning, respect, discipline, and caring about us as individuals. For me the academics were challenging and our teachers worked tirelessly to help us master any particular subject. I formed friendships with my classmates, teachers and coaches that have lasted a lifetime. My fondest memories of St. Mary come from playing on the football team, running on the track team, going to basketball games, and all the social events that were held at the school. St Mary taught me, respect and compassion for one another, teamwork, honesty, and the importance of meeting commitments to myself, my classmates and the school. I have relied on these values throughout my personal and professional life.

I contribute to St. Mary to ensure that the school continues to provide the same quality education that I received so many years ago. People say one constant in life is "Change". Things have Changed at St. Mary, if my parents were faced with the equivalent amount of tuition that todays parents are facing my parents would have needed assistance to pay the tuition or my brothers, sisters and I would not have been able to attend St. Mary.

There are many worthy charities to support in the world today, because of the opportunities that St. Mary provides its students I think St. Mary is one charity that deserves our assistance.

*Class of 1994*

## Maria Marrone Valente

Saint Mary High School holds a special place in my heart. It was where I continued my education after graduating from Saint Mary Elementary School. Saint Mary High School was the perfect educational setting for me and enabled me to thrive both academically and socially. The morning prayer assemblies in the auditorium and small class sizes made me feel like school was a continuation of family life. I have fond memories of amazing teachers who always encouraged and supported me, extracurricular activities such as Drama Club, Key Club, Chrysalis Magazine and cheerleading, great friends and fun, and of course, learning about my Catholic faith. These are memories that I will always cherish. For these reasons, Saint Mary High School was and always will be home to me.

I give to Saint Mary High School so that all students have the opportunity to experience what I experienced during my years there. All students deserve to feel welcomed into such a caring and compassionate environment where they can meet their own academic challenges as well as social emotional needs. Not only did Saint Mary High School prepare me for college, but it prepared me for life beyond college as I am able to instill in own my children the important values that I was taught there. Everyone deserves the chance to receive the best education possible, while also learning what it means to be kind, compassionate and respectful. My hope is that others may one day call Saint Mary High School "home."

*November, 2021*

*Dear Alumni of Saint Mary High School,*

There are many biblical accounts of those who - while trying to overcome enormous obstacles, flee enemies, defend themselves, endure persecution, rise above catastrophes, or simply survive - seek, in near desperation, some sign of God's presence. In one such event, the Prophet Elijah, who is depressed, exhausted and terrified by the odds stacked up against him, asks God for a sign, some proof, of His concern. In response, this is the message God gave him:

*"Go out and stand on the mountain before the LORD, the LORD will pass by. There was a strong and violent wind rending the mountains and crushing rocks before the LORD - but the LORD was not in the wind; after the wind, an earthquake - but the LORD was not in the earthquake; after the earthquake, fire - but the LORD was not in the fire; after the fire, a light silent sound. When he heard this, Elijah hid his face in his cloak and went out and stood at the entrance of the cave."*

*[1 Kings 19:11-13a]*

How does this ancient account relate to the current-day *Saint Mary High School*?

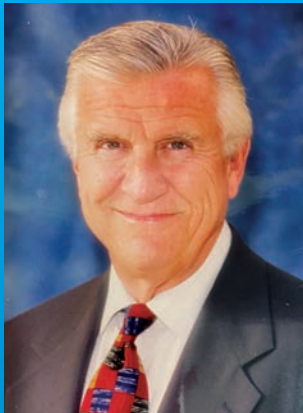

In the 'big picture,' we *Gaels* are but a wisp of a whisper, an almost unrecognizable reality, a faint glimmer of *Catholic Education*. However, it is precisely through such simple signs that God often makes His presence most profoundly known! That is why I implore the administration, faculty and staff of *SMHS*, and above all, her alumni, not to lose hope! For through us, God can and will make great things happen. With a new principal, Mr. Frank Viteritti, taking a fresh look with an innovative perspective, your *alma mater* is experiencing a renewal and recommitment to the ideals of *Catholic Education*. And please be assured that all those involved in *SMHS* greatly appreciate your support of our *Scholarship Fund* and your attentiveness - and participation in - all the endeavors undertaken by our *Development Director*, Michael Sheridan, to keep *SMHS* a small but powerful channel of divine wisdom and grace.

May our *Blessed Mother, Our Lady of the Rosary*, who, as we sing in the Marian hymn, '*Song of Mary*' by Dan Schutte, "*taught her Son to know God's face,*" intercede for us in our endeavors to help a new generation also know - and reflect onto others - the face of God. Again, thanks for your support of our Alumni Association, our faculty, staff and students, our Board of Directors; and a special thanks to all our benefactors.

*With God's love and my prayers,*

*Very Reverend Michael J. Kreder, V.F., KCHS  
Pastor*

# WHY I GIVE, *continued*

*Class of 1956*

## **Bill Borden**

---

Almost every day of my long, happy, and productive life, since graduation from St. Mary's in 1956, I have been mindful of the substantial head start this institution gave me in the business of life. Initially I was surprised to find that math evaluation tests given in the military were not difficult, Sister Margaret Ellen's quizzes were much more challenging.

Later, when traveling to foreign lands, Sister Margaret Eucharist's French made successful conversation and negotiation possible.

On a different level, we learned, from my very lady like classmates, just how to treat the feminine gender with honor and respect. On the athletic fields, we learned that the race is not always won by the swiftest runner; more often than not, it is won by the contestant who just keeps on running.

In the St. Mary's I know, we all lived up to a certain standard which permeates my life still. We respected our teachers, appreciated our friends, and knew that we were part of something unique, something that our friends in other schools were not experiencing.

At St. Mary's we learned that high school is about more than just math, languages, English, and science; we learned that it is about how to live life, love life and love one another.

These are just a few of the reasons why I choose to support St. Mary's. I want today's young men and women to have a head start in life as I did; a head start because I experienced the magic at St. Mary's.

*Class of 1968*

## **John Kelly**

---

I am very proud of the St. Mary tradition and the dedication it has taken to keep the spirit alive on Chestnut Street. I personally donate to our high school with many other alumni to keep that tradition functioning at such a high quality of education.

My mother, who passed in 2016 at 100 years of age, (class of 1933) told me the history of how the high school began. Back in the Autumn of 1929, eleven students who graduated from St. Mary Grammar School had the option to attend public high school or to continue with a catholic high school education. These eleven students took the bus and attended St. John's High School, Paterson, NJ. After approximately a month or two of commuting, they approached the Pastor of St. Mary's, Father Tischler, and asked him to request the Archdiocese of Paterson for their own high school. Father Tischler was successful. These eleven freshmen attended classes in the old grammar school and were rewarded by having the high school completed by the beginning of their senior year. During my mother's lifetime, she was able to see 82 classes graduate from St. Mary High School.

These eleven students and all our fellow alumnus built a future for over 9,000 graduates. I truly owe it to them and to all our alumni, as well as our present-day students, to keep St. Mary High School open and flourishing. Please consider donating to keep the dream alive for all former and future alumni!

# GREETINGS FROM OUR NEW PRINCIPAL FRANK VITERITTI

It is with great enthusiasm that I begin my tenure as principal of St. Mary High School. Over the month, I have met and spoken with numerous members of the St. Mary community. Everyone I have encountered has been exceptionally welcoming and offered conversations about St. Mary. These conversations have given me insight into what makes St. Mary High School the wonderful place it has grown to be over the past 92 years.

While COVID-19 has caused vast changes to our world, we must attempt to return to some semblance of normalcy, even albeit behind masked faces. One way I hope to return St. Mary to "normal" will be to provide our students with more programs that will enhance their experience throughout the school day. While I am still contemplating what programs will best fit our student body, offering a diverse schedule of new classes and clubs will allow our students to reconnect after months of long-distance learning.

The students here are fantastic. Teachers, Alumni, community members and parents have been very welcoming and supportive. They are all looking forward to changes in the school that will make a good school even better.

The major challenges we face during the pandemic is keeping all faculty and students safe. While we want to go back to normal school, I always must keep that in the back of my mind when it comes to the lunchroom, student activities and groups using our school. Even the way we teach, while I would like to see more student center activities in the classroom, I understand we still need to remain three feet apart from one another. Students and staff have been cooperative and supportive in making this happen.

My first goal for St. Mary is to increase enrollment. Our curriculum needs to be revamped to meet the needs of the 21st century learner, especially when it comes to the electives we offer. Furthermore, the use of technology and updating it is a must. Our AP program will be evaluated with the goal of increasing course offerings. We need to add to our sports program and co-curricular programs to attract more students. Students have expressed interest in boys' volleyball, girls' lacrosse, and golf. The use of technology in learning is pivotal for the future, especially in a post-pandemic world. Offering teachers and students newer materials, software, and programs to use throughout the school day will not only enhance the education we provide, but also increase our competitiveness with other local schools.

I have had breakfast with all the students over the last few weeks to hear what they think about their school. I will be meeting with all the teachers over the next month to talk about course offerings in their departments. All staff will work on improving instruction by using the Charlotte Danielson model. We will be training for school so that all feel safe in our school. Maintaining the school building inside and out is crucial since it is the first impression for parents and students.

This upcoming year will be a year of learning; for myself about this community and for each student as they encounter the traditions of our school and the innovations, we will be introducing to put St. Mary High School at the forefront of Catholic education.

Gratefully,  
Frank Viteritti, *Principal*

# WHY I THANK ST. MARY ALUMNI

The alumni of St. Mary High School are an essential part of keeping our institution moving forward. Without their time, talent and treasure, many of the things that make St. Mary High School so successful would not be possible.

*Class of 2025*

## **Alyssa Chichi**

I would like to express my sincere appreciation to the St Mary's Alumni Association for their continued support and generosity in helping prospective students like myself become a thriving part of the Gael community. It has given me and countless others an opportunity to pursue a faith based education in an environment that has inspired me to reach for my goals and excel in my future endeavors. I am currently enrolled in honors classes and strive to maintain this position throughout my high school journey while being an active volunteer in my town by helping the seniors, veterans and families in need of assistance.

Being the daughter of two SMS graduates, I feel honored to represent them as a legacy student and hope to inspire others to become future alumni leaders. Thank you for your tremendous role in shaping my future.

*Class of 2024*

## **Colin Buggle**

I would like to express my gratitude to the Saint Mary Alumni for their selfless contributions for the betterment of our school. After only one year at Saint Mary, I have witnessed firsthand the tight knit and close community this school has to offer. Because of the support of the alumni, I have been given the opportunity to play Soccer and Basketball for the Gaels. The assistance provided by the Alumni has helped my classmates and I to continue our education in a comfortable and welcoming environment. I am excited to continue my academic and athletic career at Saint Mary, and I can't wait to see what the future holds for me. Thank you once again for your continuous support and generosity.

*Class of 2022*

## **Cyan Villar**

I am so thankful to the Saint Mary Alumni for their consistent support and continued involvement in the school. They have granted me multiple opportunities throughout my academic and athletic career through their donations. As a student athlete balancing school work, sports, and social responsibilities, it is comforting to know that we have the backing of the Saint Mary Alumni. Thank you to all, who take into consideration those in need through financial contributions.

*Class of 2022*

## **Amanda Incalcaterra**

I would like to thank the Alumni for all that they have done for my academic career at Saint Mary High School. I am so thankful for the opportunity to attend a school that not only challenges me academically but also enriches my Catholic faith. It is thanks to the Alumni that I have been able to flourish here as a student. Over the past four years, I have been able to become a part of the National Honor Society and Spanish Honor Society, as well as being the Vice President of the Key Club, a Student Ambassador, and participating in the Drama Club. Additionally, I have learned so many valuable lessons, made memories that I will never forget, and made friends that will last a lifetime. The generosity of the Alumni has inspired me to push myself to do my absolute best on all of my assignments and extracurriculars, and I strive to give back to the school as they have. Thank you again to the Saint Mary High School Alumni for all that they have done for our community.

# Q&A WITH PRINCIPAL VITERITTI

---

Frank Viteritti has over two decades of experience in public and Catholic education. His most recent position was as Associate Superintendent for Teacher Personnel for the Archdiocese of New York, where he shared oversight of over 100 archdiocesan schools. Prior to his work with the Archdiocese of New York, Mr. Viteritti was principal of St. Eugene School in Yonkers, NY, West Hempstead High School in West Hempstead, NY, and Westlake High School in Thornwood, NY. His work with developing academic and extracurricular programs for students, as well as professional development for administrators and faculties, has defined his career in education. Mr. Viteritti earned his B.A. in History with a minor in Education, his M.S. Ed. in Secondary Social Studies/Education, and his Professional Diploma in Education Administration from Iona College.

## What motivated you to come to SMHS?

After doing research about St Mary HS, the reasons why I wanted to come here are the following I liked that St Mary is a small school which will allow me to get to know all the students and their parents. When I interviewed here, the questions I was being asked about instruction and enrollment aligned with what I believe in and I felt that as the new leader I would be able to make a difference and hopefully attract more students to come here.

## How is the school handling the challenges of the pandemic?

The major challenges we face during the pandemic is keeping all faculty and students safe. While we want to go back to normal school I always have to keep that in the back of my mind when it comes to the lunch room, student activities and groups using our school. Even the way we teach, while I would like to see more student center activities in the classroom i understand right now we still need to maintain three feet apart from one another. Students and staff all have been cooperative and supportive in making this happen. Not only does the building need to be safe for covid but all need to feel safe.

## What is your initial impression of our students and staff?

My initial impression so far is: The students here are fantastic. Teachers, Alumni, community members and parents have been very welcoming and supportive. I believe that all are looking forward to changes in the school to make a good school even better.

## What are your short-term improvement goals?

First is to get to know students and staff and hear from them what changes and direction all of us together want to take. I have had breakfast with all the students over the last few weeks to hear what they think about their school. I will be meeting with all the teachers over the next month to talk about course offerings in their departments. We will work on improving instruction by using the Charlotte Danielson Model which all staff will be trained in. I We will also be looking for school safety training (Active shooter training for example) so that all feel safe in our school. We are also looking into being more sports to our school. Students have expressed interest in boys volleyball, girls lacrosse and golf. Finally, maintaining the school building inside and out; how the building looks is the first impressions for parents, community members and students.

## Where do you see SM in 2 years ... in 5 years?

Long term goals for St Mary HS. First it's to increase enrollment. We need to revamp our curriculum, so it meets the needs of the 21st century learner, especially when it comes to the electives that we offer. Along with that, use of technology and updating and increasing our technology is a must. Looking into our AP program and evaluating what we offer for our AP Program. Continue to improve our sports and co-curricular programs. Example: most schools for drama have a school play in the fall which is a Drama and do a musical in the spring. At present time we are doing a musical. The goal for next year will be to do both. As mentioned in the short-term goals. We need to add to our sports program so we can attract more students. Sports like golf boys volleyball and girls lacrosse are something we are looking into.

# WHY I THANK ST. MARY ALUMNI, *continued*

*Class of 2023*

## **Emily Lari**

I am beyond grateful to the Alumni of St. Mary High School for their generous contribution to enhance my academic career. As I entered St. Mary's I didn't know how much support and opportunities I'll get, but thanks to you, I was able to have an opportunity to finish my past two years with First Honors and getting extra help by my teachers as I do sports. I have excelled as a student thanks to my teachers and faculty who have helped me along the way. Your generosity has helped me to motivate others and to give back to the community. I thank the St. Mary Alumni for pushing me to be the better version of myself. Once again, I truly thank all of the Alumni for the support.

*Class of 2024*

## **Matthew Ferreira**

I want to take a moment to express my gratitude to the Alumni of St. Mary. As a Sophomore, I've been able to witness the impact the alumni association has had on our school and my educational career so far. Thanks to your association I have the opportunity to work with great faculty and staff and prepare myself for what the future may hold. I was also able to join the Red Cross Association club and was recently elected to be a part of the Student Ambassadors. All of this could have not been done without your efforts for our school. I would also like to thank the association for their constant support at all our school-sponsored events and games. Without the St. Mary Alumni Association, we would not be where we are today.

## 2022 ALUMNI CALENDAR OF EVENTS

Friday, February 25 .....	Football Beefsteak, Auditorium .....	6:30 PM
Saturday, April 2 .....	A Night at the Final Four, Alumni Center .....	5:00 PM
Monday, May 2 .....	Gael Open, Forest Hills, Bloomfield .....	11:30 AM
Friday, May 13 .....	Spring Gala, The Fiesta, Wood-Ridge .....	6:00 PM
FALL 2022 .....	Athletic Hall of Fame Banquet .....	TBD
FALL 2022 .....	Homecoming Weekend .....	TBD

# NEW ENERGY AND EXCITEMENT

The best way for me to describe our alma-mater's transition this year, welcoming a new principal, admissions director, athletic director and several teachers, is two words, **Energy and Excitement**. Principal Frank Viteritti has wasted no time demonstrating his experience and expertise as a principal. Mr. Viteritti brings experience as an administrator with the Diocese of New York which is an important factor in leading a catholic school today. Mr. Viteritti met with the students of each grade level over breakfast to discuss our

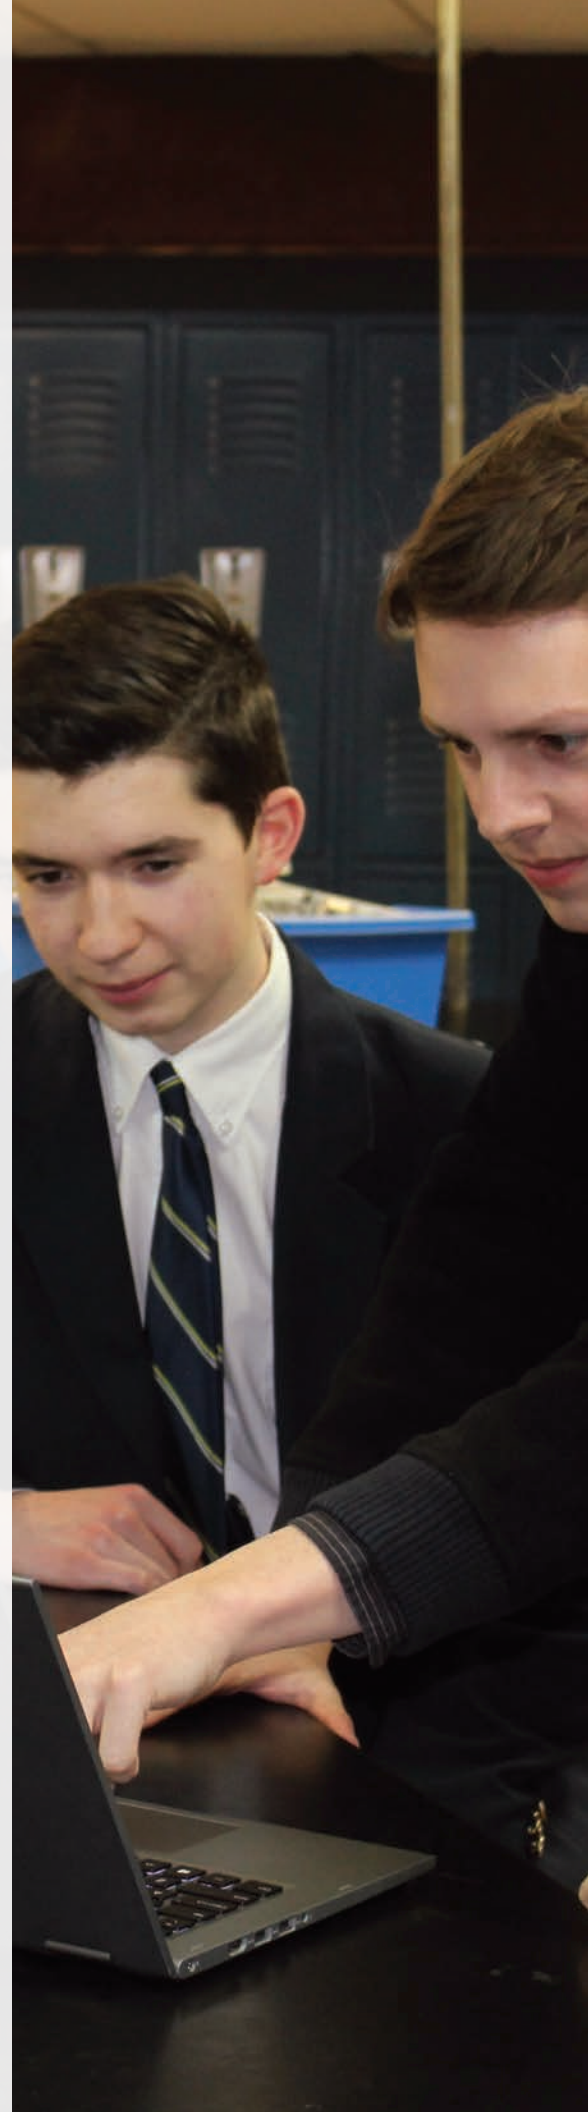

schools academic and extra-curricular offerings and has already moved forward with plans for new high-level AP (advanced placement) courses in all subject-areas as well as founding new clubs, extracurricular activities, and athletic programs.

Admissions and Student Recruitment Director Sara Simmons has put SM back in front of the public eyes through good old advertisement! Maybe you have seen the beautiful picture of the front of our school on the side of commuter buses in the area? Over 58 families attended our first open house which is a significant increase from the last few years. Our Gael For the Day Program has also seen an increase in 8th graders visiting our campus.

Let's not forget the proud tradition of St. Mary High School Athletics. The new Athletic Director is no stranger to SM. Dennis Hulse '99 was a 3-sport star while a student athlete here in the late 90's. He has been the Head Baseball Coach for the last 12 years and put SM back on the map winning a State Championship in 2019 beating the #1 team in the state in the finals. Coach Hulse made his first statement by making a coaching change in football after 3 games. The new coach is also an alumnus, Paul Johnsen '98, who was a star running back and captain for the Gaels in the late 90's. Coach Johnsen has brought immediate excitement back to the program and increased participation by 10 players since taking over. SM alumni football players are back in full support. There is discussion about establishing our once proud and successful championship wrestling program.

So, SM Alumni, does this news not make you proud? Are you smiling from ear to ear like I have been since September! Please read about some of your fellow alumni who have stepped up and donated so generously to our school already this fall. With all the signs showing an increase in enrollment, we are going to need more funding for financial aid and scholarships and the only source is Alumni Giving. Please, everyone, get on board and give whatever you can to the mission of keeping SM Strong and Thriving. We have great things happening again, we need your financial support!

Go Gaels!  
Mike '77

## AROUND CAMPUS – “Project Forward”

### SMHS triplets get a jump on their college careers

*Pictured: HRH Prince Adnan El-Hashemite, Executive Director, Felician University, Alexander, Katelynn and Jessica Gentile*

St. Mary is proud to highlight 3 outstanding students from the class of 2022: Katelynn, Jessica, and Alexander Gentile. The siblings have been awarded the Alumni Merit Scholarship since freshman year. They are the epitome of true Gaels who have embraced every opportunity to create an awesome high school experience.

Currently the three participate in classes at Felician University through “**Project Forward**” at Saint Mary High School. As of this semester, Jessica has taken three courses: Anatomy and Physiology 1 EC, College Algebra, and General Biology 1 for a total of eleven credits; Alexander has taken Economics for the Non-Major for three credits, and Katelynn has taken College Algebra for three credits. All intend to take Statistics 1, and Alex additionally plans on taking Intro Advanced Computer Application this summer.

The classes taken through “**Project Forward**” have allowed them to experience college-level course loads and explore subjects related to potential career routes. With every course they prepared for a higher level of education; developed better time management skills, dabbled in college life, and became enlightened to a world of collegiate resources. The three plan to take more classes through Felician University next fall to continue broadening their academic experiences and rack up college credits while still in high school!

Alongside “**Project Forward**”, St Mary provides countless and varied opportunities through athletics and clubs that are available. Alexander is a part of St. Mary’s football, powerlifting, and track teams. Katelynn and Jessica both partake in cheerleading, theater, and Key Club. All are part of the National Honors Society, as well as the Spanish Honors Society, and Jessica is also a member of the Math Honors Society.

These success stories are testimony to the fact that St. Mary’s main focus is the students, and helping them prepare for college, in and out of the classroom through its sports, clubs, and other programs and opportunities that are all a part of a wonderful high school experience.

## DIRECTOR OF ATHLETICS

---

As I take over as the new Director of Athletics, I want to thank all the alumni for their support when I was hired. In true GAEL spirit I was overwhelmed with calls and texts wishing me good luck. We have hit the ground running for this new athletic year with many new coaching faces that will guide our programs, and who will lead our student/athletes to strive to be the best in whatever sport they are competing in. The energy and enthusiasm surrounding all sports for this 2021/22 seasons is at an all-time high here at St. Mary. Our goal over the next couple years is not just to compete in all sports but win, and win big.

St. Mary High School athletes will continue to be leaders on and off the field and will always be held to a higher standard. They will represent all our alumni in a manner we are all proud to be, a GAEL.

GO GAELS

Dennis Hulse '99, *Director of Athletics*

Dennis Hulse is a 1999 alumnus of St. Mary HS and a member of the school's Athletic Hall of Fame. He played Division II baseball at Felician University and is also a member of their Athletic hall of Fame. Since being named St. Mary baseball coach in 2010, the program has won multiple league championships and the overall State Championship in 2019. He became a full-time member of the faculty in 2015 and has served as teacher and Dean of Students.

## DIRECTOR OF ADMISSIONS

---

A student asked me if being the Director of Admissions was my dream job, to which I responded, "I think it might be." After years of working in commercial real estate and hospitality, getting back to working in a school with eager to learn students and a dedicated staff has felt like landing in exactly the right place. The enthusiasm of the upper classmen to return to school on the first day was infectious. The freshman and sophomores who were experiencing the in-person St. Mary culture for the first time came in ready to learn and start this exciting new chapter of their lives. There were breaths of fresh air all throughout

the building from the students, staff, principal, and me.

With the return to school comes the return to in-person events. Having had successful Open Houses on September 30th and October 17th, we are eager to get families and potential students in the doors of the school and see what future generations of students hold for St. Mary. We had over 25 families, totaling 68 attendees on September 30th and over 50 families and 100 attendees on October 17th. Our "Gael for a Day" visiting student program has been a huge success and we are excited to continue with these visits. Along with our in-school events and visitors, as the Admissions Director, I will be attending the Archdiocese of Newark's High School Expos and continue to visit local Grammar and Middle schools.

Thank you,

Sara Simmons, *Director of Admissions*

# ALUMNI NEWS

## Class of 1970 – 50th Anniversary

The Class of 1970 came back to the SM auditorium for their Covid delayed 50th Reunion. Committee member, Tim McNeilly, said that being back in the school was special and brought back countless stories of the fun times and great experiences of being a St. Mary High School student. The class has made a generous donation to their alma mater to be used for tuition assistance to help families afford the same great Catholic educational experience. Thank you, Class of 1970!

## Meghan Moran '03 joins Alumni Board of Directors

Alumni Director Mike Sheridan announced Meghan Moran as the newest member of the SMHS Board of Directors. Ms. Moran's experience in education and her respect for the tradition of St. Mary make her a valuable asset as the BOD makes crucial decisions to keep our school on the cutting edge of 21st Century learning yet preserve our rich history.

Meghan Moran is a SMHS graduate of the class of 2003. She is currently the Director of Donor and Alumni Engagement at Caldwell University. Since she graduated from Caldwell in 2007, she has worked in Admissions, Campus Ministry, Student Life and now in Alumni Affairs where she engages and builds relationships with alumni of all ages. "My journey through higher education at my alma mater has been such a blessing in my life. I have had the opportunity to make connections with many wonderful students and alumni over the years," said Moran.

The Saint Mary legacy runs deep in Meghan's family. Her late father, Daniel Moran '72, her mother, Deborah O'Keefe Moran '73 – and her siblings, Daniel Moran '98, Erin Moran Marrone '00 and Caitlin Moran Kalish '07 all attended Saint Mary High School. She is grateful that her parents, Deborah and Daniel, believed in the importance of Catholic education and sent her and her siblings to both Saint Mary Elementary and High School.

Meghan is a trustee for the Rutherford Irish American Association and has volunteered as a CYO basketball coach at St. Mary. In 2019 Meghan was honored with the 40-Under-40 award by the Irish Echo.

# A NOTE FROM ALUMNI BOARD MEMBER DAN DIFILIPPO

---

I'm Dan DiFilippo, St Mary graduating class of 1979. Wow, that sounds sooooo long ago - and it is!! But in some ways it feels like just yesterday when I graduated from St. Mary and headed to Rutgers-Newark to begin my college study and ultimately my professional career. Armed with a solid high school education and grounded with a Catholic education experience, I felt as prepared as possible for what might come my way - though clearly I had no idea where life would take me!

But that would not have been the case had my parents, one a truck driver and the other a phone company operator, not sacrificed so much of their time, energy and scarce financial resources to invest in my St Mary education and experience. I have been extremely fortunate in my life to have had wonderful personal and professional opportunities but I firmly believe that none of that would have been possible without the classroom, athletic field, and extracurricular programs that St. Mary offered me. Anything I have achieved I owe to my parents and my upbringing and importantly my all around learning experience at St. Mary.

Today as ever, scores of parents want their children to receive the same St. Mary experience I did, but find it financially difficult to do so, especially so in times of the pandemic which impacts all of us in so many ways and in inflationary times where parents are more challenged than ever to keep up with increasing fuel and grocery bills among other rising costs for basics.

Which is why it is extremely important to my wife Lisa and me to find ways to help parents who want to create the best possible future for their children; who want to be confident and supportive of the curricula that is being taught to their children; and who want to be sure that regardless of race, background, religion or any other aspect of that which makes us great, their children will be exposed to an environment of learning as a priority, respect for one another as individuals, and teamwork. This is what I remember about St. Mary and why Lisa and I are so supportive of its mission. If you are reading this, very likely you had a similar experience. Please consider helping those that want something similar for their children and grandchildren.

## NEW ALUMNI SCHOLARSHIP FUND

---

Kevin Jones

### **The T. Kevin Jones Memorial Scholarship Generates \$30,000 for St. Mary High School**

In true St. Mary fashion, the family and friends of Kevin have given generously to his memorial scholarship. Twenty-two alumni have donated a total of \$10,000 which was then matched by Christopher Jones, Kevin's son. Joseph Martini '57 was a major donor of this effort donating \$5,000.

A roommate and close friend of Kevin's at Providence College, Edward J. Quinn, expressed his sincere love for Kevin by attending the service and repast and has also donated \$10,000 to the scholarship fund. T. Kevin Jones is loved and missed by all.

Chris Jones

## ALUMNI NEWS, continued

### 50th Anniversary of Thomas Holden Memorial Award

Pictured above: John Kelly '68, Tom Rogers '74 Suliman Pitts '23, Damir Stone '23, Anthony Schementi '22 and Jeff Kelly '72

A great crowd was on hand on a beautiful fall day to watch the Gaels under new head coach Paul Johnson '98 battle the Butler Bulldogs. The Alumni tent was packed, and it was so awesome to see our young alumnus, many with their children in strollers, join us for a special day.

The alumni celebrated the 50th anniversary of the Thomas Holden Award which is awarded annually to the MVP(s) of the Homecoming game. All past winners of the award were invited and introduced to the crowd. The 1970 Father's Club President, Jerry Frain '54, who initiated the first Holden-Sipos trophy game with Pope Pius HS, was on hand and presented each Holden award winner with a commemorative medal, inscribed with their name and the year they won the award. This year's selection committee, John Kelly '68, Jeff Kelly '72, and Tom Rogers '74, presented this year's Thomas Holden MVP Award to senior Anthony Schementi, and juniors Damir Stone and Suliman Pitts in a post-game ceremony.

# LEADERSHIP GIVING

July 1, 2020 - June 30, 2021

John Panosh

**In Memory of Albert V. Filippini**

Nadine Filippini

## WAYS OF GIVING

---

People support a cause or institution because they believe in its mission and purpose. St. Mary's donors support the school because they believe in the quality of education provided and the flexibility it maintains in order to respond where needs and opportunities are greatest.

St. Mary's keep donors' needs in mind by offering a number of giving options. Unrestricted gifts made to the school go into the general fund and are spent at the discretion of the administration to be used where needed most. Restricted gifts may also be made for a variety of purposes.

The desire to give, investment opportunity, and the impact of federal and state taxes are three considerations that should be kept in mind when planning a gift. The magnitude of a gift can vary considerably depending on timing, type of gift, and vehicle used.

All departments, financial aid programs, the library, and athletics have needs and projects to explore.

- **Cash:** Cash giving remains the most used and the most feasible giving method.
- **Matching Gift:** Many businesses and corporations have a policy in which they will match an employee's donation.
- **Appreciated Securities:** Making a gift of stocks, bonds, money market or mutual funds, they are easy to transfer and currently offer favorable tax benefits.
- **Tangible Personal Property:** These "gift-in-kind" investments are encouraged at any time.
- **Bequests:** A gift through a will can help St. Mary's meet these needs for the future.
- **Alumni Memorial Fund:** Contributions to this fund are used for student financial aid.
- **Memorials:** This special form of commemorative giving allows the donor to remember someone the donor admires, respects, loves or wishes to honor on a particular occasion.

For more information contact Alumni Director, Mike Sheridan at [alumni@stmaryhs.org](mailto:alumni@stmaryhs.org) or call 201-933-5220, ext. 621.
